OBAN TRACK BRIDGE STATUS AND FUNDING TOP-UP

Status

Planning for the new track from Oban St down into Trelissick Park and a new bridge across the river is well advanced. Resource consents have been granted and, with the assistance of Wellington City Council, a contractor has been selected to build and install the beautiful new glulam bridge.

We now have a more accurate estimate of the total cost to be funded by the community. The status of funding for the project is:

Summary of costs vs donations

Total cost estimate: \$105k

Donations received to date: \$90k

Shortfall: \$15k

Final request for donations

We have received a great offer from one of our supporters who will now double all new donations up to a total of \$5,000 to encourage others to help meet the final cost target.

New and additional donations to this project will be greatly appreciated.

Please help us meet our shortfall amount. If you have already donated, thank you.

If you would like a donation receipt for tax purposes, please deposit to Highland Park Progressive Assn Inc, as they are a registered charity (CC41315):
